AKIB AHMED

SOFTWARE ENGINEER · FULL-STACK · DEVOPS · QA AUTOMATION

Bangladesh · GMT+6
Open to remote work
Available for opportunities
Contact details available on request

PROFILE

I build full-stack applications, automate delivery pipelines, and test software for reliability. I focus on turning ideas into maintainable, production-ready systems.

TECHNICAL SKILLS

FRONTEND	JavaScript & TypeScript · React · Next.js · HTML & CSS · Tailwind CSS · Accessibility · Web performance
BACKEND	API design · Node.js · Python · FastAPI · Authentication & authorization · PostgreSQL · Background processing · System design
DEVOPS	Linux · Shell scripting · Docker · CI/CD · GitHub Actions · AWS · Ansible · Deployment & observability
QUALITY ASSURANCE	Unit testing · Integration testing · API testing · End-to-end testing · Test automation · Failure injection · Test data design

SELECTED PROJECTS

Resilient Multi-Step Financial Research & Settlement Agent

Python · FastAPI · Docker · AWS

An asynchronous, event-driven backend that breaks financial research and settlement into validated, resumable, auditable stages. Focus: Event-driven architecture, validation, failure handling, auditability.

Full-Stack Learning Platform

Next.js · TypeScript · PostgreSQL · Tailwind CSS

A role-based learning platform with authentication, course authoring, enrolment, and progress tracking on a relational data model. Focus: Authentication, authorization, data modelling, API design, testing.

CI/CD & Test Automation Lab

GitHub Actions · Docker · Linux · AWS

A container-first pipeline lab that builds, tests, scans, and deploys services behind automated quality gates and a smoke-tested rollout. Focus: CI/CD design, containers, test automation, observability.

EDUCATION

DEGREE	Computer Science & Engineering — Graduate
DETAILS	Institution and academic records available on request.

AVAILABILITY

Open to freelance projects and full-time engineering roles. Based in Bangladesh (GMT+6) and open to remote work. The portfolio case studies contain architecture, testing, and delivery details for each project.

Reference links for each project are available on request while the repositories are private. This resume mirrors the portfolio content and makes no claims about client outcomes, certifications, or years of experience.
